## FRYEBURG RESCUE

To the Citizens of the towns served by Fryeburg Rescue  
Annual Report 1996

Dear Community Members,

Fryeburg Rescue continues to grow. The year 1995 brought us 14 new members. The Junior Rescue Program is still active and we are pleased that many former members of this program have gone into some form of medical training.

This year Fryeburg Rescue responded to 332 calls with a breakdown as follows: Fryeburg 198; Brownfield 79; Lovell 38; Chatham 7; Stow 6; and East Conway 4. We again thank all the Fire Departments for their assistance with many of these calls.

New regulations, both Federal and State, have added many new training requirements other than those for basic licensing. The members have spent countless hours, keeping all their training up to date and advancing themselves in order to insure you the service you deserve.

The year 1996 marks the 25th Anniversary of Fryeburg Rescue. All the members of this volunteer service wish to thank you - all the communities, community members and businesses who have continued support for us. We look forward to continuing our service to you.

Sincerely,  
Nancy Sienkiewicz  
Secretary, Fryeburg Rescue

FOREST FIRE WARDEN  
STATE FOREST RANGER

In calendar year 1995, our three (3) leading causes of fires were Children, Non-Permit Fires not properly extinguished and Smoking Materials.

Violations of RSA 224:27 11 the fire permit law and other burning laws of the State of New Hampshire, are misdemeanors punishable by fine of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

1995 Fire Statistics

Forest Ranger Reported Fires		Fires Reported by County	
Number of Fires for Cost		Belknap	11
Share Payment	465	Carroll	50
Acres Burned	437	Cheshire	39
		Coos	17
Suppression Cost	\$147,000+	Grafton	26
		Hillsborough	71
Lookout Tower Reported Fires	555	Merrimack	49
Visitors to Towers	26,165	Rockingham	106
		Strafford	78
Number of Fires		Sullivan	18
Local Community	1	Suppression Cost	\$22,000.

Local Communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

Remember, Only You Can Prevent Forest Fires!

Early in May there was a Fire on Robbins Hill. Thanks to the help of the many different Fire Departments, the State of Maine and the State of New Hampshire & many local individuals (& the wind) damage was kept to a minimum. The cost of the fire could have been disastrous, but again, thanks to the generosity of our friends and the State of New Hampshire the total cost to the Town was \$154.00. The Towns of Brownfield, Lovell, Denmark, East Conway & Center Conway are all volunteer and they came to help us. We will always be grateful. The Saco Valley Fire Association and Fryeburg Fire Department only charged the Town a small portion of their actual cost and to those Departments we also say thank you.

## SACO VALLEY FIRE ASSOCIATION

Once again the Fire Association would like to take this opportunity to thank everyone in the area for their continued support. Because, without the great support, both monetarily and with the great spirit of volunteerism this great fire department would not be what it is today.

We would like to ask that any interested men or women to make the commitment and volunteer today.

This year has proven to be the busy one, with over 80 calls of all types.

The membership have kept up their commitment and dedication to improving themselves. This has been done through the many hours of training, both in house and at schools away.

Please remember that burning permits are required for most outdoor burning. So please contact your local fire warden.

Remember, education, prevention and early fire detection are the keys to fire safety. Please use smoke detectors and be safe!

Respectfully,

Tommy C. McKenzie, Chief  
and the Board of Directors

## INDEPENDENT AUDITOR'S REPORT

TO THE BOARD  
SCHOOL ADMINISTRATIVE UNIT #9  
CONWAY, NEW HAMPSHIRE

We have audited the accompanying general-purpose financial statements of the SCHOOL ADMINISTRATIVE UNIT #9 as of and for the year ended June 30, 1995, as listed in the table of contents. These general-purpose financial statements are the responsibility of the SCHOOL ADMINISTRATIVE UNIT #9 management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments." Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amounts that should be recorded in the General Fixed Assets Account Group are not known.

In our opinion, except for the effect on the general-purpose financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the SCHOOL ADMINISTRATIVE UNIT #9 as of June 30, 1995, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued a report that is dated August 25, 1995 on our consideration of the SCHOOL ADMINISTRATIVE UNIT #9 internal control structure and a report that is dated August 25, 1995 on its compliance with laws and regulations.
